

CAMERON SEEKS WAR BIRD FIELD

"Our Town"
J. B. WHITE

An example of what a community may accomplish if its leaders have the vision of builders, is the opportunity, which based on preliminary facts, now comes to Cameron in the proposed Air Field to train pilots under the defense act. While the Committee from the Chamber of Commerce is away looking into the feasibility of supplying what will be required of us if we get the field, there is mounting hope in Cameron that something can and will be done. Whether opportunities have been passing us by or whether we have neglected to go out and bring progress to our city by modern methods of expansion, is not important at the moment. The big thing is whether the opportunity to get the air field is a real one and if so what can be done to obtain it. There is one course of action we should all follow. It is unity, with every man doing his share to make Cameron prosper. We have lost so much of our income in recent years our anxiety over industrial possibilities should lead us to a full realization of the opportunity. We trust our enthusiasm may be kept within bounds but that nothing be left undone to get for Cameron this desirable thing. While the war is uppermost in the minds of many, we should consider that the future of aviation is almost unlimited. Commercially the industry is in its infancy and after the war is over there will be need here for such facilities. But, for the next few years there is every reason to believe that such a field will have military importance. Each of us may have the assurance that everything possible is being done for the moment to get the field. Within a few days the city will be called upon to make its contribution and in so doing can provide the means for building the city and bringing a decided up-turn in business.

The ears may have been for the speeches; the eyes must have been for the boxes and the crates swinging up out of the hold of the American Red Cross freighter, Cold Harbor, and coming down safely on the wharves at Marseille. All the while the children cheered, all the time the officials exchanged their greetings, on and on throughout the oratory, the hoisting gear reached its long arms down into the darkness below decks, pulling out treasures by the netful—treasures for hungry French children.

The speeches were doubtless excellent but oh, the oratory in the squeak and clatter of the pulleys! They kept repeating what Richard Allen, delegate of the American Red Cross, had just said—that this ship's cargo was a "token of American sympathy" for France. That phrase must have carried nourishment for the hope and the courage of French patriots, as the ship carried nourishment for children's bodies. "France does not flout her misery," said Jean Barraud for the Prefect of Marseille; "America nevertheless has understood."

Since the ship had to pass through the British blockade, it may be added that the British also understood that this errand of mercy was one that could not be perverted by the enemies of France. Thus the cargo was really a token of sympathy from two great free people who are determined to remain free and to help others who still want to be free.

Free peoples are not callous. They do not shrug their shoulders over the sufferings of freedom's friends. They do not have it in their hearts to glory even in the suffering of freedom's enemies.

"Long live America, long live France," was the cry of gratitude sent up at Marseille. The only barriers that Americans or Britons would raise against the feeding of France are those required to make this hope come true. The world at last will be conquered mainly by kindness:

AIR PORT COMMITTEE IN HOUSTON TUESDAY

A committee of business men, all directors of the Chamber of Commerce except Mayor Charles C. Smith, are in Houston today to confer with authorities regarding the proposed air field for Cameron.

The following are on the Committee: W. F. Paden, Leland Green, Sr., P. W. Davis, John Henderson and Mayor Charles C. Smith. If others are included in the delegation the Herald failed to ascertain their names.

Prospects appear fair for bringing one of the major war industries to Cameron as this field would train around 500 pilots each year who would be eligible for Randolph Field and other major air training centers.

Details of what Cameron will have to do to obtain this field are not yet complete but it is known that a large body of land of around 500 acres will be necessary. This land is to be located around five miles from City limits.

When the site is obtained the corporation which is working under contract with the government to train pilots would improve the property. It is unofficially understood that barracks and hangars costing approximately \$250,000 or more would be necessary and around 75 families would be permanently located in Cameron and vicinity to operate and man the field.

It was understood that a contract of about 10 years duration would be expected by the company.

The City of Cameron no doubt would be expected to arrange the financial details of such a program.

Five Complete Files First Year Daily Midget to be Sold

Four complete files of the Daily Midget for the first year of its publication will be sold.

These files contain issue No. 1 all in fair condition, one being the first copy ever printed because it has the markings of the proof reader before the paper was finally released. Also one complete file already assembled will be sold. The file has a perfect copy of issue No. 1.

The publishers will keep two files of the first year of the Daily Midget each of course having an original No. 1 copy.

The four files above mentioned have not been assembled but will be, for anyone who cares to purchase a complete file. These files will be sold for \$10 each and should be purchased for libraries in the school or state university or for anyone in Cameron or Milam County who desires this unique publication.

These files must be bound at the expense of the purchaser which of course will be small.

Negro Confesses Burglaries Here

Fred Woods, negro, arrested by City Marshal Gene Smith at 6 a. m. Wednesday 11th has confessed to the robbery of the Mondrik grocery.

The negro also confessed that on February 11th he robbed the same grocery and took \$25 from the store.

This robbery was unknown to this newspaper.

On Wednesday morning he was working with the cash register, but when he heard the officers coming he ran out of the store.

CONSULATES POLLED TO GIVE TRANSPORTATION

Relations between the United States and Nazi Germany will be severed shortly it became known today when the government of Adolf Hitler made a survey of his Consulates to ascertain whether their personnel desires to remain in the United States or return to Germany.

While the German government said this move was only a precaution to anticipate any eventuality, it was taken in Washington and other capitals to indicate that Germany will soon be at war with the United States by outright declaration.

Aid to Britain and the recent speech of President Roosevelt which was regarded in Axis capitals as a declaration of war are known to be responsible for the present German attitude.

It was agreed among all observers that Germany would be without transportation facilities to carry her officials home in the event of war because the only ships available would be those of Britain and the United States. It was also agreed that German officials would no doubt sail from the West Coast by way of the Far East to return to their home land.

War seemed inevitable and this development was regarded as evidence that Germany no longer expects to escape fighting the United States.

Congressman Martin Dies said today that his number is up with the G. P. U., secret Soviet police now operating in America. Mr. Dies said that he had been marked for slaughter because he had discovered a Russian plot to take American cotton and other raw commodities and re-sell them to Germany.

London was being rapidly destroyed by German bombs in the worst attack since December 1940. The British are being killed by the thousands and there was no indication that they planned to retaliate against the Germans.

Turkey also reported today to have decided upon entering the war on the side of Great Britain. The most sensational diplomatic development of the week came in a dispatch from the Vatican which said that Pope Pious and King Victor Emmanuel of Italy were discussing ways and means to take Italy out of the war before disaster overtakes the country.

It was said in this dispatch that the civilian population of Italy is getting out of hand. Any move so contemplated by the Pope and the King would mean the overthrow of Mussolini and his Fascist government.

Molene Tractors For Milam Farmers

W. P. Matyastik announces this week, agency for Molene tractors. The name of Molene is a pioneer in America farm machinery and is well known to farmers of this section.

Mr. Matyastik, in accepting the agency for Molene tractors, believes he has one of the best tractors in the world and its utility is well suited for use on farms in this county to give the maximum of tractor service.

Mr. Matyastik has recently put on the market a chicken feed known as Big Chief manufactured at the Matyastik Mill in Cameron.

\$52,000 FOR PAVING APPROVED BY COUNCIL

The City of Cameron has made application to the Works Progress Administration for \$52,000 to be utilized in a street paving program for the city.

Of the total amount represented in the application only \$18,000 is to be spent by the city, the remainder being cash and concessions made by the government.

Mayor Chas. C. Smith presented this request to the City Tuesday night and it was unanimously approved by the Aldermen.

The plan is to repave the business district by taking up the asphalt and cutting down the crown of the streets. The paving in the mercantile area is of asphalt laid hot and 3 inches thick. Under new paving processes the entire coverage can be re-laid and enough asphalt taken out to pave 30 additional blocks.

By using the asphalt to be taken up from the business district the city will save \$9000 and actually the paving program will cost only \$9000.

It appears the Mayor and Aldermen have hit upon a real economy to bring this additional paving to the city. Where the 30 additional blocks are to be laid was not announced.

Cameron is badly in need of paving and this project announced by the Council will go a long way toward putting Cameron in the better paved class of Texas cities.

ST. MONICA'S CHURCH CLOSES MISSION HERE

The St. Monica's Catholic Church was very fortunate to have the Rev. James H. Dreis, C. S. S. R.—Redemptorist, of Okmulgee, Okla., who held a very successful mission which closed Sunday, March 16, at 3 o'clock with very beautiful ceremonies, at which time the Papal Blessing was given by Rev. Dreis.

On Saturday night ceremonies were held, in which the services were dedicated to the Blessed Virgin Mary in which eight girls and eight boys of the St. Anthony's school participated. The Rosary was presented by John David Matula who also sang the first part of "Mother Dear, Mother Fairest," and the flowers were presented by Beatrice Michalka who sang the second part of the same song.

Father Dreis' theme for the evening was a beautiful description on the life of the Blessed Virgin Mary. Rev. Dreis held a mission here about four years ago and by popular request responded to the call.

The results of the services proved very satisfactory. The Communions for the week ran into the thousands. He spoke to a capacity crowd every night, and his instructions at the morning services were also well attended. Father Dreis belongs to the St. Louis Province and will leave at once for Hattiesburg, Miss., where he will open a Mission at the Sacred Heart Church there. During Holy Week he will be at Biloxi, Miss., where he will close his Mission for the present season.

The St. Monica's Parish is very grateful to Father Geo. J. Duda, local pastor, for his earnest work and conceding to the desires of the parish in getting Father Dreis back for the very successful mission just closed.

Committees Seeking Option on Sites for Proposed Air Field

The Committee on the air field met in the Chamber of Commerce rooms shortly afternoon Thursday.

Reports were heard on surveys made to find sites. Options are to be taken, it was said and the quickest possible time would serve best, it was said.

Until plans are fully mature no official information will be given out. Funds to take these options are now being raised.

FOOD STAMP DEAL FOR CO.

The big news of the day for grocery merchants of Milam County was the report from Emory B. Camp, chairman of the Chamber of Commerce Committee, that indicates the stamp deal will soon be put into operation.

It was unofficially understood that the commissioners' court has the matter under favorable consideration and will make within a few days formal applications to the government.

The Stamp Deal means that there will be no more free distribution of food stuffs but all such commodities will be purchased from the local merchants by the use of stamps issued to those who receive direct relief, pension checks, and those engaged on government works.

The City of Cameron at its meeting Tuesday night voted to supply headquarters for the administration of the stamp deal and offices will be provided in the City hall which is the old Cameron State Bank building.

Mr. Camp is due a great deal of credit for his untiring efforts and those of the committee who worked with him as well as members of the Commissioners' Court and the City Council.

The recent meeting held in Cameron was attended by approximately 150 business men.

The Stamp Deal will result in greatly increased business for merchants in Milam County and the expense of its operation will not be greatly in excess of the present outlay. Under present conditions the County must pay transportation of all food stuffs for distribution.

April 1 Last Date To Register Car; Only 519 Have Bought

April 1st is the last day to register your car.

February 15th was the first day on which you could purchase your license plate.

Registrations have been unusually slow and those in the office of Tax Collector W. A. Bonds, are very anxious to speed up registrations so that the maximum of service may be rendered the public.

If all wait until the last day a difficult situation would arise.

A strong appeal is being made to urge all those who have not yet registered their car to do so at once to avoid the rush during the last week.

The plates this year have orange figures on a background of black.

Three Young Men Leave Cameron for United States Army

The United States army personnel is better today for having received three volunteers for service on Tuesday through the Local Board No. 2.

They are William Craig Wallace, city attorney; Augustus Evans, Jr., optometrist; and Rufus Perales Marin of near Tracy.

These young men left Cameron aboard the Santa Fe railroad for Fort Sam Houston. All are volunteers.

At the local draft board headquarters Tuesday a number of friends gathered and these young men were given the blessing of best wishes as they went patriotically to their duty in the army.

Members of the local board and the personnel of the office added their good wishes and congratulations. Milam county will greatly miss these young men but will remember them kindly for their patriotism and willingness to aid America in the present crisis.

Miss Hope LaNell Tyler of Rogers, Miss Janie Burkeen of Cameron and Jimmie Sullivan of Waco visited in Temple Tuesday night

CHAMBER COMMERCE AND CITY WORK HARD

Cameron business men, all members of the Chamber of Commerce, were working hard today to further plans for the proposed air field.

At the noon luncheon of the Rotary Club, President P. W. Davis and others of the committee brought a picture of the plans for the field.

Those who spoke to explain various phases of the detail committee work were in addition to Mr. Davis the following: W. F. Paden, manager of the Chamber of Commerce, J. R. Bush, Dr. A. E. Kruse and John B. Henderson.

Early this morning following a meeting of the board of directors of the Chamber of Commerce three committees were sent out to prospect for suitable location for the air field which must be approved by army engineers. Included in this committee is Mayor Charles C. Smith.

The City Council has expressed its approval of the project and is working with the Committee of the Chamber of Commerce.

Speed was emphasized by all the speakers and although there is competition and Cameron may not in the end get the field, but the feeling is that prospects are very good.

Options are to be sought on a number of tracts of land within a few miles of the City.

The corporation in Houston to get a lease on the field and operate it under contract with the government to train pilots for the United States army and a City with 6000 population such as Cameron is more desirable than a larger place and for this reason Cameron is getting every possible consideration.

The Committee was due for another meeting at 1 p. m. to receive reports and all plans will be rushed to give substantial immediate assurance of Cameron's interest in this proposed field.

CRUMP AND BURKE FOR SCHOOL TRUSTEES HERE

The following joint announcement of Dr. T. E. Crump and Ray Burke for re-election as School Trustees was received shortly before noon Thursday for publication:

"Dr. T. E. Crump and Ray Burke, whose terms as members of the Cameron School board expire this year, have announced their intention of offering for re-election, subject to the April 5th, election.

"Both the doctor and Mr. Burke have been faithful members of the board for several years and have many friends who will be interested in news that they will again offer for these positions. The school board has worked in harmony with these men as members and both say that they have enjoyed their places as part of a group that has had the interest of the Cameron school system and its patrons at heart in matters that have confronted it.

"In announcing for re-election to the position of trustee, which position carries with it no salary and is often a thankless job. Messrs. Burke and Crump say they have always tried to take a sane and thoughtful stand on situations arising, and that they expect to continue that service if re-elected. They will appreciate the vote and influence of their friends."

FOOD STAMP DEAL IS DISCUSSED AT MEETING

The Stamp Deal was thoroughly discussed at a meeting of grocery men held in District Court Room Thursday night.

Families on relief, WPA workers and those who receive pension benefit by this method of handling the government funds are effected.

The purpose of the Stamp Deal is to inaugurate a system where groceries are purchased from the merchant and not distributed at a relief office. Where the deal has been put into effect there has been general satisfaction. The expense of handling the deal is higher than under present methods, it was understood.

The expense of the administration is paid by the county with aid from the federal government.

E. A. Camp of Rockdale was chairman of the meeting. Judge D. Y. McDaniel of McLennan county Judge Wesley Dice of Bell county, were present to tell of the advantages of the stamp deal in their counties.

Two other speakers were present: Mr. Webster, director of the food stamp plan in McLennan, and Mr. Crane, banker of Franklin.

A large number of grocery merchants from all sections of the county were present.

The Commissioners' Court has the stamp deal under advisement and it was understood if it appears to be advantageous for the county the court will underwrite the expense and bring its benefits to the county.

*Good advice—
"USE CERESAN!"*

MOST

WIDELY RECOMMENDED
COTTON SEED TREATMENT

Many cotton growers and cotton seed breeders of Texas and Oklahoma have proved how successfully seed treatment with CERESAN reduces seed rotting and sore-shin, improves stands, saves costly replanting, generally increases yields. From Temple, Texas, tests are reported in which "germination was doubled and seedling diseases greatly reduced." An Oklahoma circular states: "The investment is nominal... may be repaid many times in saving of seed and in improved stands and yields." Rely on CERESAN! Treat your own seed, or buy seed marked with the Ceresan Treatment Tag.

Ed Edwards of Randolph Field visited relatives here for the week end. His brother, J. T., also of Randolph Field, has been here on a thirty day furlough.

Mr. and Mrs. Percy Ledwell and children of Corsicana were guests of his mother, Mrs. Myrtle Ledwell for the week end.

Miss Margaret Lucas of Dallas spent Saturday night and Sunday with her parents, Mr. and Mrs. G. C. Lucas.

Mr. and Mrs. Ora Arnold of Temple visited Mr. and Mrs. Elmo Hearn and daughter, Friday. Mr. and Mrs. Hearn recently moved here from Cameron.

Miss Jimmie Pate of Houston is spending this week with her parents, Mr. and Mrs. Jim Pate. Mr. Pate has been ill for several weeks.

Mr. and Mrs. Henry Fuller of Bryan spent Sunday in the Claude Dixon home.

Rev. and Mrs. R. F. Stewart and

son, Gwenneth Lee, visited in Austin on Saturday.

G. C. Lucas and grandson, Albert McCullin, Jr., of Cameron were Temple visitors, Saturday afternoon.

R. H. McFarland and daughters, Misses Mildred and Clara D., and son in law, Arval Sapp, spent Thursday and Friday at Leander where they attended the funeral of a relative, Andrew Trammell.

Mrs. Robert Currey and daughter, Kathleen, were Waco visitors, last Saturday.

David Robinson, Jr., who recently went to an army camp for a year's training spent the week end with his parents, Mr. and Mrs. D. F. Robinson.

WITH THE BAPTISTS

We had no empty pews last Sunday and we take this as an indication that the Lord is with us. How fine it was to see a sea of faces assembled together for worship in the shelter of God's Holy house. We all rejoiced as the announcement was made that the church treasurer Saturday wrote a check for \$1400 to pay the first building note March 15th. In spite of the fact that it was the 'Ides of March' Baptists attained victory. How grateful we are to God and to every Baptist and friend of the church who generously helped. How fine it is when the church says, 'Silver and gold have I one, but such as I have I give unto thee' and still how great it is for Christians who love the church to furnish the silver and gold.

Sunday night beautiful baptismal services were held and eight candidates were buried with Christ in baptism. Our hearts desire and prayer to God is that the day will come that this will be every Sunday night's business of our church.

Sunday School record was the highest of 1941 with 301 in attendance and Training Union increases was considerable with an attendance of 86. We rejoice to have Francis Brown put her membership back in our church.

Two cars went to Dallas Tuesday filled with men to attend the Laymen's Conference held in the First Baptist Church at Dallas. It is expected that this body of men who attend will be a might spiritual force in bringing about a Brotherhood organization in our church. How great for the head of the house to be a spiritual, faithful servant of God. In the name of Christianity how can the head of the house be less?

Sunday morning Sunday School at 9:45 when we study 'Jesus Condemned and Crucified,' Sermon 11:00 o'clock 'Elijah's God and God's Elijah.' Training Union at 6:21 when we study 'Seeking to Follow Christ's Mind.' Sermon 7:30 o'clock 'Thronging But Not Touching Jesus.'

150,000 BRITISH ARE NOW IN THE BALKANS

Japan may withdraw from the Rome-Berlin Axis.

Increasing concern over developments the Japanese were said to be asking Germany for more specific guarantees that Britain will be defeated.

The Foreign Minister due to leave for Berlin on a long projected visit was quoted early today from Japanese sources as prepared to ask Hitler about a guarantee of British defeat.

The Japanese Cabinet and Press of Japan were both declared to be agitated over the alliance and the continued success of British efforts. The axis alliance was never popular in certain influential Japanese quarters.

The United States was seen as the balance of power in the conflict and Japan may be worried over two developments: The American stand and that of Soviet Russia.

The British were said to have cleared all objectives in East Africa and to be landing more troops on the east coast, presumably in Ethiopia. Fired on by Italians the British are said to have brought up naval vessels and the Italians were wiped out.

Yugoslavia was still holding out against an Axis alliance.

The British have landed 150,000 troops in Greece.

New British re-inforcements have landed in Africa.

Zero hour in the Balkans was believed to be near. Rain and snow over the mountain country were believed responsible for a delay in the German offensive against Little Greece.

The Turkish press hails President Roosevelt's speech. In Italy it was regarded as a declaration of war. A sneer was the German press reply.

Myrtle Stidham, student of Texas University, was a week end visitor in Cameron.

The more Love we Give away the More we have.

MOVE TO TEMPLE

Delmon Hayes has accepted the position as manager of the Men's clothing department at Montgomery Ward in Temple. He was formerly employed at Henry's Department Store in Cameron. Mr. Hayes left the City Monday to begin work and Mrs. Hayes will join him there this week where they will make their home.

CORN PLANTING

Farmers are planting corn. Many hundreds of acres were completed last week end. A cold wave that reached this section late Sunday night will retard further operations. The crop planting will be late this year due to continued bad weather and excessive rainfalls.

Miss Ruth Marek will leave Cameron this week end for Dallas where she will enter Byrne Commercial School for a course of typing, shorthand and bookkeeping. Her brother will accompany her to Dallas where he has accepted a position.

Thief is Choicy; He Wants Only Cold Beer As City Cafe Robbed

Here's a thief who wants his beer cold.

The City Cafe was robbed Saturday night for the second time within weeks.

Walter Wallace who works at the cafe and bar said that he had found a quantity of beer at the hear of the building where the thief apparently had enjoyed a refreshing pause after his labors of getting into the building. The beer was taken from the ice.

The cash register in the cafe was broken and items of food were missing. Several weeks ago the cafe was robbed, the cash register broken and quantities of food taken.

A series of store robberies have been reported here within recent week. So far officers have been baffled by the lack of information.

Mr. and Mrs. Bill Marek spent Sunday in Rosenberg and Houston.

this faith is deeply embedded in the democratic concept of living. To temper mercy with wisdom is the problem of this difficult hour.

Meanwhile, any increasing knowledge among free men that they can extend help and comfort to unwilling captives of tyranny starts as warm a surge of hopefulness through the veins as news of a victory in battle. —Christian Science Monitor.

We have with us today a figure of much consequence to history and certainly one whose life is colorful because of legends which have grown up about him through the years. His name is St. Patrick and although the date of his birth is obscure, March 17th is accepted and observed as the day on which he was born. Observance of St. Patrick's day is about equal in importance in the catalogue of events as that of St. Valentine, though it takes on more of a religious significance. The

Shamrock, a small plant with three leaves resembling clover, is worn by the Irish and many others on St. Patrick's day. Religiously the three leaves are Faith, Hope and Charity. St. Patrick is known as the Apostle of Ireland and was probably born at Bannavanta in North Hampshire, England near Daventry. His youth saw many hardships. He was a Catholic. He was captured when 16 years of age in a raid by predatory Irish and carried to the north of Ireland and was forced to spend six year in captivity as a slave. Patrick escaped bondage and went to Gaul where he became a monk. The Papacy in Rome recognized the work of this Irish boy and having received the papal benediction about 431 A. D. returned to Ireland as a missionary. There is a traditional comment which says that Patrick found all Ireland heathen and left it wholly Christian. St. Patrick is believed to have died in 463 A. D. He must have been an amazing character for much about him has been written and it is so marvelous and incredible that historic facts are difficult to extract. He is now and has been for centuries one of the Saints of the Catholic faith. One of the popular legends about St. Patrick is that he drove the snakes out of Ireland. We are told that Ireland had many snakes. One day, so the story goes, St. Patrick decided to do something about the snakes. So, he got a drum and started out and, so says the legend, the snakes became frightened as he beat the drum and at last were all driven into the sea, except one large snake who fell a victim to the good Irish wit of St. Patrick. This big snake after much trouble was persuaded by St. Patrick to crawl into a box. In order to conquer the snake St. Patrick had to resort to consider-

able subterfuge by telling the snake that if he would crawl in to the box that on Monday he would be set free when St. Patrick returned. But he never came back and according to the legend, each Monday thereafter the snake would call out "It's a long Monday." Aside from all of the legends and folk lore about St. Patrick he is one of the peaks of early Catholic missionaries who spread the gospel in pagan lands.

W. O. THOMASSON DIES AT HOTEL HOME HERE

Funeral services for W. O. Thomasson, 81, were held at 2 p. m. Thursday in the Marlow church.

Mr. Thomasson died at 5:30 a. m. Wednesday at his apartment in the S. P. hotel. He had lived in Cameron for a number of years.

Interment was made in the Marlow Cemetery with the Green Funeral Home directing arrangements.

Mr. Thomasson was a native of Greenville, Alabama, and came to Texas at the age of six. During recent months his health had been poor.

He is survived by two daughters, Mrs. John Anderson and Miss Blanche Thomasson, both of Dallas.

Mr. Thomasson was a member of the First Baptist Church in Dallas of which George W. Truett is pastor. Services were conducted by that church.

SYMPHONY CLUB

"Spanish Music" was the subject of the program at a meeting of the Symphony Club this week with Miss Mildred Thornton in charge. Miss Thornton gave a very interesting talk on Spanish Music and featured Miss Lanette Hillyer who sang several Spanish songs accompanied by Shirley Horstmann. The co-hostesses Miss Marjorie Warren and Mrs. W. G. Harsha entertained the members in the home of Mrs. Roy G. Reed. Hot tea and pie were served.

JAMES S. ALLDAY IS BURIED AT JONES PRAIRIE

James S. Allday, 74, pioneer resident of Milam County, died at the family residence in the Jones Prairie community Saturday at 9:15 a. m.

Mr. Allday was born in the Little River community in 1866 and has lived in that part of the county all his life. He was a prominent member of the Baptist church. His lifetime occupation was farming from which he retired several years ago.

Funeral services were held at 2:30 o'clock Sunday afternoon at Little River church with Rev. Butler, officiating. Interment was made in the cemetery there with the Coleman Funeral Home directing arrangements.

Surviving Mr. Allday are two sisters, Miss Roxie Allday of Jones Prairie and Mrs. Tom Touchstone of Sinton; also one brother, Pete Allday of Diboll.

CHRISTIAN SCIENCE SERVICES

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 23.

The Golden Text is: "All flesh is grass, and all the goodliness thereof is as the flower of the field: the grass withereth, the flower fadeth: because the spirit of the Lord bloweth upon it." (Isaiah 40:6, 7.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwelleth righteousness" (II Peter 3:13.)

The Lesson Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "He uttered His voice, the earth melted." This Scripture indicates that all matter will disappear before the supremacy of Spirit." (Page 97.)

R. H. GALBRATH DIES AT LOCAL HOSPITAL

R. H. Galbrath, 84, died Thursday at 9:30 p. m. in a local hospital following an illness of several days.

Mr. Galbrath was a resident of the Big Lump community between Rockdale and Milano and made his home with his children.

He was born on May 22, 1856, and came to Texas when but a small boy settling near Rockdale, and has lived in this county since. He married Miss Sally McGowan who preceded him in death.

Funeral services will be held Saturday at 2 p. m. at the grave in the old Salem Cemetery near Rockdale with Rev. H. E. Crone of Rockdale officiating. The Green Funeral Home will be in charge of arrangements.

Full Enrollment of Scholastics Urged

School officials in Milam county as well as parents and guardians are urged to co-operate to get a full school census.

Last year about 200 school children in Milam county were not enrolled. This loss of scholastics cost the school districts of the county over \$4000.

Mrs. Guy T. Newton, county superintendent, requests that all who are not enumerated call her office. If the census taker does not visit your home by April 1st, call the county superintendent.

Misses Helen and Bessie Macal of this city will leave shortly for San Antonio where they have accepted positions.

TRACTOR

"IT COULDN'T BE DONE BUT THEY DID IT"

. . . With these words, E. J. Baker, Jr., Secretary of the Farm Implement News Company, headlined his stirring description of the "National Harvest Festival and Style Show" staged by Minneapolis-Moline on Friday night, September 23, at the Minneapolis Auditorium.

. . . "it was so packed-jammed," continued Mr. Baker, "that the sideshow thin man could not have squeezed in . . . The whole affair was inconceivable, impossible and monumental! The occasion? The showing of the principal items in the MM line to home folk of the community; the unveiling of a new type tractor.

. . . Then the great curtain was swept to the sides and there on the stage was the new tractor . . . a cab as finished, turret-topped and resplendent as any motor car

on the market, with shatterproof glass windows and windshield wipers; two upholstered seats, one folding forward to enter the cab; a heater; a defrosting fan, a radio, a cigar lighter; a full instrument panel including a speedometer; self-starter switch; ignition switch, headlight, dashlight and rear light controls; ash tray; sun visor; rear view mirror and clock. The floor is covered with rubber matting. A trap-door permits adjustment of the hitch or drawbar without leaving the cab. The front fender comes off freely for belt work. Headlights can be tilted and dimmed, necessary with a tractor that can run 40 M.P.H. on the highway hauling its trailer, and is equipped with Bendix self-energizing brakes and a horn."

ADIS ABABA WILL FALL TO BRITISH SHORTLY

Odis Ababa, the capital of Haile Selassie's kingdom of Ethiopia, is soon to fall into the hands of the British.

Hard fighting columns of British and Ethiopian troops were piercing the ancient kingdom of Solomen's dynasty, and victory in Ethiopia was believed to be but a matter of hours. Haile Selassie, the frail little monarch who was forced out of his kingdom by Mussolini in 1935 will soon be back in his kingdom home.

Violence of unprecedented nature flared up on the coast of England and Germany today as Nazi bombing planes wrought great havoc on the City of Hull in England. The Royal Air Force responding in kind had had wrought wide spread devastation on German naval bases all along the invasion coast.

The Italians although fighting hard in Albania are said to have been driven back by the Greeks with great loss.

The voice of hunger uttered by an old man, Marshal Petain of France, reached the sympathetic ears of America today as the aged French leader entered a plea for co-operation from this country and there was every indication that aid would be forthcoming and that France would shortly be restored as a competing power against Nazi Germany.

In the Balkans was deep mystery. Immediate outbreak of war was believed to be certain. Why Hitler has not already struck was believed due to two things, one of which is the reported attitude of Soviet Russia, but mainly on account of the stand of the Turks.

From Ankara a report reached the Daily Herald Wednesday morning Russia had given Turkey the green light to enter the war against Germany. It is conceivable that the British would risk such a small army in the Balkans unless an understanding had been reached with Turkey and Yugoslavia.

CHARLES RUTLEDGE TO GIVE LECTURES ON CUB SCOUTING

Charles Rutledge, District Scout Representative, will give lectures in Cameron on Cub Scout work, Monday and Tuesday, March 24 and 25, beginning at 7:30 p. m. in the basement of the First Methodist Church.

Mr. Rutledge is trying to promote Cub Scout work in Cameron and is offering a "Play at Home Program" for boys between the ages of 9 and 11 years which should be of interest to parents.

These lectures are free to all and a strong urge is made to all parents to attend.

Joe Bill White left Cameron Sunday for the Taylor old field where he has a place with Lanning & Coffield. Joe was a student at A & M College but decided in favor of a job and began work Sunday. The field is located in Williamson county and one of a number of large oil and production investments of Coffield and Lanning.

Three Aldermen File For Re-Election Here

Three Aldermen whose terms expire this year, have filed for re-election to the city council.

They are: Bob Terry, Sam McDermott and August Horstmann. All have served for a number of years.

Three aldermen are to be elected this year. In 1942 a general city primary will be held at which two aldermen and other officers of the city will be nominated. The primary is held in February and the general election in April.

In years when only three are elected no primary is held.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering.

It is based on the fact that headaches, nervousness, cramp-like pains are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition is often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

Negro Arrested on Burglary Charge

Fred Woods, negro, was arrested at 6 a. m. Wednesday by City Marshal, Gene Smith and has been placed in jail on robbery charges.

The negro was seen to jump from the Mondrik Grocery in Santa Fe town Tuesday night by John Eanes, city night policeman, shot at the negro several times but he escaped.

From a description given City Marshal Smith the negro was captured. Mr. Smith remembered having seen the negro on Tuesday. Piecing together the evidence, the marshal went to a negro house early and arrested the negro. His shoes fitted the tracks made near the store and the negro's trousers were wet and muddy at the knees.

Woods served a prison sentence several years ago for knife attack on a negro woman in Cameron. Whether the negro is connected in any way with other robberies has not been ascertained.

MONDAY NIGHT CLUB

Mr. and Mrs. Franklin Dusek entertained the members of the Monday night club this week and had as guests Mr. and Mrs. E. C. Cole and Mr. and Mrs. Henry Siebman who won the prizes in the bridge games. A lovely basket formed from an Easter bonnet and filled with candy was given Mrs. Cole and Mr. Cole received a can of mints. The Siebmans received a box of novelty toilet soap. Mrs. Dusek carried the Easter motif attractively throughout her decoratins and served a salad plate with fruit drink. Small crocheted Easter bonnets filled with sachet were given to the ladies winning table cuts.

Insurance Man Gets Promotion to District Manager of Company

C. R. Daniel of Cameron has recently been promoted to the position of District Manager for the Universal Life and Accident Insurance Company with home offices in Dallas.

At the same time Mr. Daniel was promoted the company announced that the district office had been moved to Cameron from Hearne and he will be able to make his home in Cameron. The district comprises 8 counties as follows: Milam, Bell, McLennan, Robertson, Brazos, Falls, Grimes and Limestone.

Mr. Daniel, prominent in church and lodge work here came to Cameron five years ago as Universal's representative in Milam county. Steady growth in the number of policy holders is evidenced by the fact that each year Mr. Daniel's efforts have earned him a trip to the company's annual convention. The business of the company has increased over 400 per cent in the past 5 years.

J. B. Walker is taking the Cameron territory and will have residence in Cameron.

AIR'S FREE
so why not use it?

GETTING right down to it, one reason why you get as much as 10% to 15% more miles per gallon from a 1941 FIREBALL Buick with Compound Carburetion is that this engine is supplied with more air.

For it is a mixture of gasoline and air that gives you power.

A single carburetor, no matter how many jets it has, can handle only so much air.

But two carburetors that function as needed, as is the case in Compound Carburetion, can meet any fuel-supply need from low-speed to heavy-power use - and always provide a well-balanced mixture.

They can double the air supply as well as the gasoline feed - and that's something you can't do in any single-carburetor car.

So Compound Carburetion gets as much as 800 miles for the gas-cost of 700 in earlier Buicks of the same size.

It also provides a whopping big bank of reserve power, which means an up-and-at-'em lift and surge that's nothing short of thrilling to experience.

And you can have Compound Carburetion, you know, on any 1941 Buick - it's only a few dollars extra on the swell big SPECIAL pictured here, and standard equipment on all other models.

Greeks Say Rome to Be Bombed If Nazis Attack Their Capital

Greek reports early Monday said that Italy has been warned that if Athens is bombed Rome will not be spared. Rome has never been bombed and the reason is that it is the home of the Pope and an open city. Germany has bombed open cities in Britain and Britain has bombed cities in Germany. Athens is an open city and one of the most historic in the world. It remains to be seen whether the Greeks will spare Rome if Athens is attacked by the Germans.

Smithville Date Line Tells of League Meet In Cameron Thursday

Cameron's lack of publicity organization about which much has already been said, was glaringly demonstrated Thursday.

A news story published in the Waco Times-Herald telling about the meet in Cameron was published under a Smithville date line. Smithville is in Bastrop county.

While this no doubt is an error occurring in the newspaper plant, still many are wondering how such could be. It is sometimes excusable for items to be sent from other communities in the county but when they are published or sent in from other counties, it appears Cameron may have something about which to complain.

Miss Geraldine Fogle, student in an Austin business school, visited in the home of her brother Valon Fogle this week.

TO TELL ABOUT AID TO BRITAIN FROM U. S.

President Roosevelt will speak to the nation for 30 minutes between 8:30 and 9:30 tonight to give an account of the aid to England legislation enacted by congress and known as the Lease-Lend Bill.

Mr. Roosevelt in a statement at his press conference late Friday said the report would be comprehensive and in detail. He is to speak at the Press Dinner in Washington by permission of the newspaper correspondents. The President makes an annual address to the Press Club in Washington.

It will be the first address by the President since he asked the congress to pass the Lease-Lend Bill.

On the eve of his scheduled talk the President ordered an investigation into the arrest by the German Gestapo of a United Press correspondent in the Balkans.

The aerial war continued with great intensity with heavy blows being exchanged between Germany and Britain.

From Cairo a dispatch quoted General Wavel of the British army as ready to meet the Germans anywhere in the Mediterranean area.

There was an unconfirmed report that the British, having knocked the Italians out of Africa, are transferring large bodies of troops into the Balkans landing at Salonika to aid the Greeks.

There was some speculation that the British might try to land an ex-

peditionary force on the mainland of Italy.

"We are ready so meet Hitler's forces anywhere," said the Cairo dispatch and this was taken to indicate that the British may already have built up a considerable force in Greece.

Mussolini, said to be leading the Italian assaults in Albania, was shown something of the fighting power of the Greeks. All attacks by the Italians have been thrown back with heavy losses. Six Italian planes were shot down by the Allied forces, believed to be British fighters.

War supplies to Britain are already on the way, said a Washington report.

BLUE BONNET BELLE NOMINEE

Miss Rosemary Yates, a daughter of Mr. and Mrs. Roy Yates of Branchville and a graduate of Yoe High School in 1937, has been named a Blue Bonnet Belle nominee for the second consecutive year.

She received fifth honor in her graduating class at Yoe High School and will receive her Bachelor of Science degree in June from Texas University. Her major is physical education. While taking six subjects last semester, Rosemary was one of the thirty-one top rating students in the school of education.

Billy Balhorn has accepted a position at Henry's Department Store and began working Monday. Billy succeeds Delmon Hayes who recently moved to Temple.

THE DAILY MIDGET GROWS

Already three communities outside Cameron are receiving the Daily Midget.

These communities are: Buckholts, Sharp and Rockdale. By the payment of postage these communities receive the paper. Under the policy of the Daily Midget no subscriptions are taken. It is a free publication.

Advertising possibilities are very great. Already the best and only publication of its kind in the world, the little daily now brings a large section of Milam county within range of the Cameron business man. Are you thinking of your business?

Mussolini Is a Sad And Disappointed Man; Greeks Responsible

Benito Mussolini returned to Rome Sunday was a sad and disappointed man.

According to reliable information the Italian army in Albania has been definitely beaten. The Greeks had put out of action more than 50,000 soldiers of El Duce.

Mussolini went to Albania to lend his personal influence to the soldiers. The Greeks made a slaughter of it and completely turned back all Italian assaults and destroyed several divisions, said by some reports to include at least half the forces in operation.

Barclay Jeter of College Station spent the week end here with his mother.

E. L. McGuyer of Rockdale was a business visitor here Monday.

BENEFIT SHOW FRIDAY NIGHT AT BUCKHOLTS

A benefit show for the athletic fund to purchase awards for winning athletes in 1941 will be held at Buckholts on Friday night, March 21st.

The picture will be the recent widely advertised film made of the Coffield Ranch where ten thousand boy scouts gathered for a day.

The show will feature the rodeo and other things of interest in connection with the film, including local people.

A small admission charge of 10c and 20c will be made and the public is cordially invited to patronize this show.

PYTHIANS TO MEET IN TEMPLE TUESDAY

The Rank of Knight was conferred on a class of seven at a meeting of the local Knights of Pythias lodge on Monday night. They were Melvin Allday, J. W. Stufflebeme, Frank Hurst, J. B. Ward, Frank Wiggs, Alfred Stoebner and J. Albert Young, Jr.

Tuesday night at 7:30 o'clock Cameron will be represented by a number of Pythians in Temple at an endowment meeting for the Pythian home at Weatherford at which time E. Fred Meek of Tyler, grand chancellor, will be present.

TWO WHITE MEN ARE HELD FOR OBSERVATION

Two white men, Michael Jelly and James A. Ryan were arrested Tuesday night and placed in jail by Constable Pete Harwell.

The men were arrested in the yards of the Santa Fe railroad here and are being held for observation.

A negro named Thompson was arrested for fighting with his wife and placed in jail also. This completed the night's haul by Constable Harwell.

Edwin Bigtee of Palestine spent the week end in the home of his mother, Mrs. Lottie Bigbee.

Beatrice Walschak, student of Texas University, visited here over the week end.

GERMANS OPEN HUGH BOMB WAR ON BRITAIN

The war was a patch work of interest Friday as developments in a number of areas claimed the attention of observers.

The Germans were pounding the cities of Glasgow, Liverpool and Hull. The British were making no headway in the air since the bombings of German territory on Monday.

President Roosevelt will speak to the nation Saturday night from 8:30 to 9:00 o'clock central standard time.

Secretary of War, Stimson said today that supplies are already on the way to Britain.

Heavy losses were inflicted on five divisions of Italian troops in Albania. Italy was reported moving troops up to the Bulgarian border, presumably for an attack on Greece.

The British were reported helping the Turks build roads and to construct air raid shelters, indicating that that country may be preparing for all eventualities.

Brewing Company to Name "Miss Pearl" In Voting Contest

Who will be "Miss Pearl" of Texas? That is a spirited question in a popular voting contest for the state recently inaugurated by the San Antonio Brewing Association.

Grady Little, distributor for Pearl Beer, has placed a number of photo placards over the city and with them at convenient places are post card ballots and ballot boxes. You may vote at any of the following places: Cameron Herald, City Cafe, Blue Bonnet Cafe, Moore's Cafe, Palace of Sweets, Busy Bee Cafe, Buckhorn Cafe, M. M. Chambers, Silver Grill, John's Place, Tom Harris, Clarence Anderson, Skeezix, Hill Top Tavern.

There are nine contestants and a photo of each on the placard. The ballot is a simple form and no postage is necessary. These cards are deposited in the box and will be sent to San Antonio soon.

BALKAN EXPLOSION IS EXPECTED MOMENTARILY

Soviet Russia was reported in a Turkish news dispatch early Tuesday to have offered military and material aid to Yugoslavia if that Balkan country will resist Germany.

This report created a sensation in the Balkans. There was no official comment from Moscow. Recently Russia rebuked Bulgaria for permitting German troops to enter and charged Bulgaria with responsibility for spreading the war to the Balkans.

It was disclosed in Washington that Lord Halifax, British Ambassador, had informed the State Department of the operation of German submarines off the Atlantic coast. At first this report was denied but later confirmed by Under Secretary Sumner Welles.

Winston Churchill in a speech in London disclosed that German submarines and naval ships have been operating within 500 miles of Newfoundland.

Secretary of State Hull warned the United States today that this country is in grave danger. There was no elaboration and no details as to what is meant by such a statement.

Legion Anniversary Celebration Is Held

Approximately 200 Legionnaires, their families and guests were present for the anniversary celebration, of the American Legion organization, here Friday night.

Following the barbecue, guests were introduced by Emmett Streetman, local post commander. State Commander Ed. Riedel of San Angelo addressed the group on "Americanism" and stressed the importance of national defense. Mrs. Hattie Ehlert, state president of the Legion Auxiliary and a resident of Brenham, spoke on the work of the auxiliary and its importance in a community. Robert Claypool, service officer of Waco and Jess Thompson, division commander of Rockdale, both gave impromptu talks.

W. T. Owens, commander of the Brenham post, was among the out of town guests present.

E. G. Stiles of Thorndale transacted business in Cameron Thursday.

James N. Gaylon of San Gabriel was a business visitor here Saturday.

Negro in Jail Here 4 Years and 9 Months Cost Tax Payers \$948.75; Finally Adjudged Insane and Delivered to State Hospital.

Tax payers in Milam county can thank Sheriff Valter T. White for a stroke of economy that took an insane negro out of the county jail and placed him in the state hospital.

It is a long story. The negro, Johnnie Wright, has been in and out of the Milam county jail for 4 years, 9 months and 15 days. He was adjudged insane within two weeks after Sheriff White came into office.

During the time the negro was under care of the jail here \$948.75 has been spent for his board. It's a simple matter of arithmetic for 57 months at \$16.50 per month makes a total of \$940.50 and a half month at \$8.25 completes the grand total.

County officials generally are glad to have the matter off the current record and share with the Sheriff in the big saving.

The negro is 40 years old. He was first placed in jail in March 1935. He was taken out of the jail for delivery to the hospital on March 17, 1941.

For years insane in the jails of Texas has been a major problem. There is still serious lack of accommodations for them in state institutions.

In Milam county \$16.50 per month will be saved, after more than 4 years.

Mrs. Bill Todd of Goose Creek is visiting her parents, Dr. and Mrs. J. E. Arnold of this city.

GOING UP

to an all time high

Reader interest in The Herald is going up!

Indications were that an all time high might be reached before many days have passed.

There are many reasons why the people want The Herald. One of these reasons is that the news is printed regardless of influences that often sack the moral fibre of the average little town newspaper.

Since 1860 The Herald has played its part in the community. It has been giving the kind of newspaper service that makes for reader interest and the large subscription list.

The Herald now has the largest circulation of any other newspaper in Cameron or Milam county and has maintained this leadership for years.

Ten years ago competition in Cameron put the subscription rate below ONE DOLLAR. The Herald has maintained a 50c rate and still does. Enroll today.
